Model Photos

Are you an aspiring or new model wanting to get a foot in the door? Well, Jim's Photos may be able to help. With access to Modeling web sites and photo contests, any photo can be sent to interested parties all over the world! The opportunities are countless.

I love all photography. I created Jim's Photos, LLC 22 years ago to provide great images instead of just a snap shot at an affordable price. Almost every image I post is fully edited (re-touched) and color corrected. The more I do this, the more I raise my bar when it comes to quality. My objective is to provide high quality images that you will proudly display in your portfolio. Your portfolio should be all about YOU and what YOU want, not what I want.

Although I specialize in Team/Sports and Portrait photography, I also enjoy Modeling and Artistic photography as well and want to do more of this. I am looking for average everyday models to work with (TF*) in the southern Wisconsin area, especially those who would otherwise not have an opportunity to do this. It is not about the glamour or money, but about the sincerity of the people involved. My style is casual and laid-back, never in a hurry.

If you feel you would never have an opportunity to be a photographers model, please give Jim's Photos a try. All proofs and finished photos are posted to my 'Photo View and Print' website for you to see. Note: Models should bring a companion when meeting photographers they have never worked with yet. I can promise that you will be treated with respect and professionalism. All those under eighteen need to have a parent or guardian with them during the shoot. So, bring a friend and lets have some fun doing a TFCD shoot!

Ideally, you need to have a portfolio demonstrating your work. If you do not have one, please consider having me help you establish your portfolio. I will spend time working with you on poses and share with you my experiences as a photographer. Again, my goal is to produce high-quality images of you that will make your portfolio stand out from the others.

I am always looking for new models to add to my portfolio on the web and to create a beautiful portfolio for yourself. I mostly do TF* shoots. Most of my models are volunteers, however you could receive compensation for your participation from persons sponsoring on event or contest.

Additionally, photo contests are a fun and exciting way to share your photos with others. There are a lot of reasons for entering a photo contest. First and foremost, if you are lucky enough to be chosen a winner, you can earn some money. But more importantly, you will gain a lot of recognition from some very important sources.

A lot of companies and individuals are constantly scouting contests and other modeling websites for suitable modeling subjects for use in advertising or other purposes. This may be your chance to gain national exposure.

Most contests are held monthly and require at least 5 photo submissions each time, so it is important to have a lot of photos to choose from. It's practical in today's world to take as many photos as possible to achieve positive results.

The process is very easy! Jim's Photos will take the photos on location and do all the post production re-touching and color correction edits. All proofs and finished photos are then posted to my 'Photo View and Print' website for you to see.

Jim's Photos is a member of Modeling Mayhem. This is a modeling web site viewed by thousands of people world-wide.

Get ready for a lot of fun and excitement. Have your photos taken today! My contact information is listed below.

Sincerely,
Jim's Photos, LLC
